

Submitter: Lisa Levensen

On Behalf
Of:

Committee: Senate Committee On Veterans, Emergency Management, Federal
and World Affairs

Measure: SB1577

I oppose this Senate Bill. Oregon has already shown security mismanagement by allowing citizen and voter information to be hacked in several of their systems. Burdening our higher educational systems with an additional voter registration responsibility isn't prudent or necessary. The State Legislature needs to focus on making our existing systems work well.

Sincerely yours,
Lisa Levensen
