

Submitter: Tammy Jacobs

On Behalf Of:

Committee: House Committee On Rules

Measure: HJR201

HJR201. Constitutionally changes Measure 5 already passed by the people. This increase will be devastating to the already high property taxes driven up by home values increased from the investors buying homes during the low interest rate mortgage boom causing even more unaffordable housing for local Oregonians. STOP this now and focus on fixing Oregon for Oregonians as you were elected to do
