

Submitter: Nancy Moffat-Downs
On Behalf Of: myself
Committee: House Committee On Rules
Measure: HJR201

Please consider the fact that the existing method of collecting property tax should remain the same! I live in a lovely mobile home park of a little over 500 units. The past owner had this park in his family for years and sold because of health reasons, to SUN CORP. This is a first for this company because they do vacation resorts. In the past 2 years we of course have had our rent raised, which is to be expected. This month it raised almost \$50 a month. I am one of many on fixed income, at 85 I can't go back to work. If the State is in control of all property taxes I am afraid of the outcome. The counties know best. Do not abolish the protections on existing property taxes. VOTE NO, VOTE NO, VOTE NO.

Thank you...ND
