

Submitter: Stan Stieben
On Behalf Of: Furnish Hope
Committee: Senate Committee On Housing and Development
Measure: SB1530

I have volunteered with Furnish Hope, located in Bend, the past four years. I have been on many deliveries to families needing a hand up, helped at the warehouse and served on the Board of Directors. I have experienced first hand the positive impact Furnish Hope has in this community. With funding SB 1530 would make available, furniture banks throughout Oregon would receive much needed critical funding to help sustain their operations and serve their communities. Please support and pass SB 1530.
