Committee: House Committee On Rules

Measure: HJR201

Vote NO on HJR201 Statewide Property Tax

- * We are already paying higher taxes than most states.
- * Higher taxes discourage new business from coming to Oregon. We need new business and need to keep the ones we currently have.
- * HJR201 removes local control over property taxes hurting Rural cities and counties from needed services
- * Removes current Constitutional limits on property tax and assessment rates
- * Risks Seniors, the Disabled and other limited income from their homes.

NO on HJR201
