

Submitter: ann peloquin  
On Behalf Of: SB1583  
Committee: Senate Committee On Education  
Measure: SB1583

In order for public education to provide the citizens our community, nation and world need, it needs expose students to multiple viewpoints and a rigorous, academically challenging materials. These materials should not be censored to appease religious or political groups that find some materials threatening to their world view or offensive to their sensibilities.
