Measure: HJR201

I want to submit my objection to the proposed tax measure going on the ballot to a vote. We have to find a way to get the taxes and spending under control in this state. We can not keep squeezing the middle income earners in this state. This measure not only raises taxes on homeowners it raises rent on renters. Landlords will not just eat the increase. They will pass it on.. This measure does nothing addressing the problem the state of Oregon has with spending more and more money and never offering real solutions to the problems we as a state face.

Thank you for your time.
