I am very much against the changes to this bill . This should come to the Voter's . Increases in property taxes or anymore taxes for that matter should be decided by the people of Oregon. Between the cost increases of food, health insurance, home and car insurance, utilities and pretty much the price of EVERYTHING it is clear that Oregon is becoming more and more unaffordable. Also potential Tolls coming in 2026 will hit us hard. Can we talk about cutting waste? This tax payer will be exiting my beloved state if these changes are passed.
