

Submitter: Jen Goertzen
On Behalf Of:
Committee: House Committee On Rules
Measure: HJR201

As a rural Oregonian (Wallowa County) we CAN NOT afford HJR201. Our low income county can not afford to carry the weight of the over the top spending of those in Salem and Portland. Oregonian's already pays higher taxes than most states. I am in the process of transferring all my LLC's to Texas, as the taxes in Oregon are already ridiculous and don't allow us to grow and prosper. And now Oregon wants to tax us even more! The taxes in our city is already out of range of most people being able to live here and this would further the devastation of making even more people unhoused! Shame on all the law makers in Oregon who think this will solve any of our on going issues.
