

Submitter: Robert DeGeorge

On Behalf  
Of:

Committee: Senate Committee On Veterans, Emergency Management, Federal  
and World Affairs

Measure: SB1548

While I support abolishing the time change, I oppose remaining on standard time. I am strongly in favor of remaining on Pacific Daylight Time.

As someone who works a "normal" 9:00-5:00 job like the majority of people do, I strongly prefer having as much daylight as possible after work is over. I feel like it would be very helpful to my mental and emotional state to feel like I am not literally working my entire day away.

Please get rid of the time change, but please to NOT make us remain on standard time. Thank You!
