Committee: House Committee On Rules

Measure: HJR201

To Whom it May Concern - As a born and raised Portlander, it was always a dream to own my own home here. I found that home in 1992 and thought it was perfect; a home I could still see myself managing when my kids grew and bought homes of their own. That plan is quickly becoming a profuse worry as property taxes are RAPIDLY pricing me out of my home!!! To burden home owners with even MORE taxes is insanity! How about government audits their spending and stops the waste of good people's hard earned money before any kind of tax increase?!?! Multnomah County is already one of the highest taxed counties (vs income) in the country. I CAN'T BEAR ANYMORE TAXES!!! STOP THE TAX INCREASES!! I joke that Multnomah County would tax the air we breathe if they could figure out how... sadly, doesn't seem like a joke. Don't force me out of my home and city!
