

Submitter: Laurie Moses

On Behalf Of:

Committee: House Committee On Climate, Energy, and Environment

Measure: HB4112

Honorable Marsh and Committee Members,

I am writing in support of the Clean Technology Leadership Bill (HB4112) which will help Oregon procure upwards of \$768 million in Federal Inflation Reduction Act Investments. We need to do all we can to ensure that Oregonians are able to acquire clean energy technologies such as heat pumps, electric vehicles, and solar panels. HB 4112 and the -3 amendment will support sustained local economic growth, address supply chain constraints, lower costs for citizens, and create family wage jobs. Please support this bill.

Thank you for your hard work.
