On Behalf Of: Mr Oregon OPPOSES SB 1553
Committee: Senate Committee On Judiciary
Measure: SB1553

I OPPOSE [1553].

OHA has an addiction to taxpayer money.

OHA should have already "studied" the drug addiction issue and then pointed their finger to the Legislature for having caused the addiction problem in the first place.

Anyone for a "free needle exchange program?" Free Narcan dispensers in school restrooms?

Drug addicts should be "rounded-up" by the National Guard and transported to detoxification and medical assistance camps.

Illegal Alien drug addicts to be instantly Deported "as is."

As to Drug Dealers and Traffickers...the punishments must be swift, certain and severe.
