

Submitter: Steven Brooks  
On Behalf Of:  
Committee: House Committee On Rules  
Measure: HJR201

I have lived in my home since 2018. My property taxes increased 22% in the last 5 years. That's 4% every year. So now you want to control it away from the counties? Make increases without any controlled limits, any time you want? This is one of the 3 lines that if you cross, (you have 2 left), I will be moving out of this Uni-party state. You are saying the corporations and rich folks are going to be paying all the taxes you have in mind( higher income taxes, value added tax, higher fuel taxes, tolls). They are moving out in droves. Do you think the middle class can afford your new high taxes by itself. Your illegal aliens and homeless won't be helping. I'm a retiree. I don't get raises. You have in mind to change how the medical care runs in the state. A state mandatory program free to anyone who gets here across the boarder I hear. Another line #2. My well is going to run dry. No more money for you, I'll move out. We use to have the 21st economy in the 50 states. We've dropped to 24. We have the 49th highest unemployment in the nation. The 48th worst schools if I recall, the largest portion of my property taxes are for this. Your doing a rotten job of managing the state. I'm not getting my moneys worth. The state employees union and the folks that lobby you guys do. I would say we will vote you guys out, but that's doesn't seem to be an option any more, with the changes in how votes are counted and how folks get kicked out for opposing the uni-party's one sided votes in the legislature. If I sound angry I am. I can't afford you guys anymore. I don't want to move, but you won't be leaving me much of a choice. I oppose this cash grab.
