

Submitter: MICHAEL WALSH

On Behalf Of:

Committee: House Committee On Rules

Measure: HJR201

As a retiree on a fixed income, any changes to current Constitutional limits on property tax rates controlled by (Measure 5) and assessment rates (Measure 50) would cause us a major financial situation limiting our ability to purchase basic food, medical prescriptions, personal necessities and utilities. Please do not advance HJR 201! Just stop the wasteful spending.
