Senate Committee on Energy and Environment

Dear Chair Senator Sollman, Vice-Chair Senator Findley, and members Senators Golden, Hayden and Lieber;

Re: Senate Bill 1559

By all means, change the name!

One must keep up with the narrative, eh?

More money for a problem that doesn't exist.

Ahh.... but it's an emergency!

All of this green energy fantasy stuff is going to bite us all in the patooty some day. Isn't anyone paying attention to what's happening with the efforts in Texas, California, Sri Lanka or South Australia? Or, the mother of them all, Germany?

Pay attention, folks.

This bill needs to be tabled.

Sincerely,

Richard Wisner
