Measure: HJR201

I oppose this bill since property taxes are high enough in this state even with the measures passed and we also bear the burden of some local bond measures that I don't want feeling they are unnecessary. People are leaving Oregon and one of the reasons is our legislature is constantly finding ways to tax us more instead of trying to cut the waste that is so prevalent. The expense of maintaining a home is very costly now so we do not need an added tax burden with income not keeping up all the tax demands.
