On Behalf Of:

Committee: Senate Committee On Natural Resources and Wildfire

Measure: SB1590

I am in support of SB 1590. As a resident directly located on the Willamette River who has a dock, we have witness first-hand special interest groups and select residents seeking to privatize, what was once open to all, the Willamette River. It has been sad to see the reduction of boater recreation access these past few years. The river once aided all families, regardless of boat who sought to enjoy wake boarding, skiing, tubing as wonderful moments together. Please support the passing of SB 1590. Thank you for your time.
