

Submitter: Jackie Dyer
On Behalf Of:
Committee: House Committee On Rules
Measure: HJR201

Please do not pass HJR201! We can not afford any higher property taxes. I've written to our state legislature previous about the high property taxes here in Oregon. We are seniors and can't afford to pay our property taxes now. If they are raised again it will force us to sell our home and move out of state. Just the thought that you would consider raising our property taxes is completely disheartening. Oregon doesn't give seniors a break at all. Are you trying to run us out of our home. It's bad enough that the cost of everything has sky rocketed! We can not afford to pay any higher property taxes. They already go up minimum 3% a year which is already to much for us seniors. Please do not pass HJR201!
