Measure: HJR201

A a lifelong Oregonian it is sad to see our State pushing out all of its citizens. My wife and I have decided that we will absolutely move out of Oregon if this passes. We are already being crushed by higher energy cost, higher food cost, higher taxes, higher everything. Our backs are at a breaking point. Stop this madness, you will be creating more homelessness through this measure. It will absolutely hurt the elderly and everyone up through the middle class. Get you spending under control. Stop taking from those that need it most.
