Committee: House Committee On Rules
Measure: HJR201

There are a lot of seniors that own their own homes and are living on fixed incomes. My wife and I are one of those seniors that do not have a large nest egg and are living very frugal now and there is no way we can afford another property tax. You will be forcing a lot of seniors to sell their homes and where will they go. This is showing you have no clear vision of what this will do.
