

Submitter: Sharon Waterman

On Behalf  
Of:

Committee: House Committee On Agriculture, Land Use, Natural Resources, and  
Water

Measure: HB4059

Having grown up on a family farm operation in the Willamette Valley, I think farmers ought to be able to grow crops they chose to grow. I strongly urge you to OPPOSE the -7 Amendments!! It is not the legislature's chore to tell farmers whether to grow GMO crops or non GMO crops. The -8 Amendment has a three mile isolation zone, pinning, increases fines for non-compliance as well as increases the cap. I strongly urge you to SUPPORT the -8 Amendment and be done with this issue for a while. Thank you for the opportunity to provide comments.
