

Submitter: William Murray II

On Behalf  
Of:

Committee: Senate Committee On Veterans, Emergency Management, Federal  
and World Affairs

Measure: SB1548

I support the establishment of a year-around Standard Time. We are on Daylight Savings Time longer than we are on Standard Time; twice as long. If anything, go back to the 50s and 60s where we were on Daylight Savings in the summer months only. I could see going on Daylight Time on or about Memorial Day and returning to Standard Time on or about Labor Day. This way everyone could get some satisfaction.
