Measure: SB1583

I OPPOSE SB 1583. This is not a bill about discrimination, it's the Democrats trying to gain more and more control over the education system. There are already laws on the books for discrimination, this bill is not needed. If this bill passes, school board members, who are elected by local residents could not oppose un-educational overly sexual text and library books. School board members are elected to represent their community, it's clear the Democrats are trying to take this away in favor of their filthy agenda. Currently community and school board members are able to review and help select text and library books, if this bill passes school board and community members will no longer have a say. See excerpts below from several library books found in Oregon school libraries. If these types of books are questioned (according to this bill) it would be considered discrimination. Why do the Democrats want these books in the hands of children?

"You plough into me with two fingers and I am mostly shocked it feels like rubber against an open wound. I do not like it you begin pushing faster and faster but I feel nothing"

"Do you know how to eat pussy? Uh, not really. Papa Gaines never sat you down, said, Son one day you're gonna have to eat the pussy. No, but he did teach me how to eat butthole. I got like twenty pussies over here that I need to eat, I'm on a pussy deadline. You've got twenty vaginas, all lined up in a row"

"I started watching my dad's porn.....a lot...while I was naked and eventually stumbled upon a surprise sensation" I think I figured out what taking care of business means. Were each busting a load into this bottle. If you don't cum, you have to drink it, ha ha ha ha!"

"I want to honeymoon myself" This sentence has a drawing of a naked lady with her legs spread open wide, fingering herself.

"Even when you undress her you are searching for me. I am sorry I taste so good. When the two of you make love it is still my name that rolls off your tongue accidentally." This sentence has a drawing of a naked man who is kneeling next to a naked lady, he is about to lick her vagina.

Why are the Oregon Democrats focusing on putting sexually explicit material in the hands of children (w/ out their parents knowing). Oregon's education system is a

national embarrassment, and you all are focusing on taking power away from school board members and dumbing our kids down.
