

Submitter: Dari Shaffer

On Behalf Of:

Committee: Senate Committee On Education

Measure: SB1583

SB 1583 is not about discrimination, it's about control being put into the wrong hands!
I strongly oppose this bill!!

As parents, we are the ones raising our kids & absolutely should always have a say
in the choices of curriculum for their education. This is blatantly against parental
rights & local school boards. Please do not pass this horrible bill!
