Measure: HJR201

To whom this may concern

This proposed bill will be damaging to us seniors trying to survive off our savings and SS. It will also drive seniors, the handicap into being homeless. We are already taxed enough and this bill is a terrible way to make your money off of. Whoever sponsored this bill should be ashamed of themselves. Please don't do this to us. We don't have the ability to make up for it by working .. We are all on a strict budget and can't afford more taxes on top of the super high cost of living here in OR.

Sincerely

Teri and Patrick Sherman
