

Submitter: Jennifer Brusa  
On Behalf Of:  
Committee: Senate Committee On Education  
Measure: SB1583

Dear Senators,

Thank you for taking the time to read my testimony.

I strongly oppose this bill. We need to let children be children. There is already enough garbage in this world that wants to rob them of their innocence so soon. Children and teens need to be exposed to basic education (reading, writing, math, music, physical education, public speaking, etc.). They don't need to be exposed to sex or sexual acts until they are adults. I'm sure many of you have children or grandchildren. Ask yourself if you would want your five-year-old to learn sexual acts or positions. Please vote no on this bill in the name of your child(ren)/grandchild(ren).

Sincerely,

Jen Brusa
