

Submitter: Deren Ash

On Behalf Of:

Committee: Senate Committee On Education

Measure: SB1583

I would like to echo the many, many, many written testimonies in support of this bill. Censorship and discrimination go against the core values of Americans and Oregonians. School boards, which are government entities, should not censor what Oregonians learn or don't learn. Our children should be educated, and we need to trust the next generation to make decisions with complete information, without the information they have access to being censored.
