

Submitter: Kathren Moss

On Behalf Of:

Committee: House Committee On Rules

Measure: HJR201

Please do not raise taxes on Oregonians. It is ludicrous that a new property tax needs to be levied, let alone one that can tax unrealized assets and doesn't have a cap. And it certainly doesn't need to go into the state constitution! This is a poor idea with even poorer open-ended language with a dubious purpose. Please vote no!
