I appose more tax of any kind! As a senior citizen I for one cannot be told any longer to pull up my boot straps, I have no laces! With all the tax now, my property is suffering much needed repair as I need a new roof! This will affect value immensely. If I can't pay taxes I risk losing my home and become Homeless. Such a vicious cycle! Government increasing taxes on a already burdened society, is NOT the answer! I also believe property tax should not be charged for seniors who have worked their entire lives to have a home they are then taxed by the government to become homeless!
