Measure: HJR201

I have lived in Oregon for over 50 years and I strongly oppose bill HJR 201. This bill is going to make it impossible for middle income and the elderly to be able to continue to afford their home. All I see this bill doing is increasing the homeless population and giving more people reason to leave Oregon. Business will not want come here because of the high taxes and the business that stay will pass this new tax on to the consumer. The only people who will want to live in Oregon are the ones who have a drug problem or those who just don't want to work. It is time to reduce the over spending, stop the hand outs and start creating jobs to put Oregonians back to work.
