Of:

Committee: Senate Committee On Veterans, Emergency Management, Federal
and World Affairs

Measure: SB1577

I ask you to vote no on this bill SB1577. This is taking way our freedoms by putting all our info into hands that should not have this information with more Gov't control. This is against HIPPA or is just HiPPA only apply to medical and the rest is open for grabs?

Thank You hearing my voice in this matter.
