

Submitter: Donald Grafton
On Behalf Of:
Committee: House Committee On Rules
Measure: HJR201

Please do not open us to additional taxation. We are already taxed more than most (<https://www.npr.org/2023/03/30/1166970506/tax-burden-by-state-income-property-sales>). Moreover, when you tax us, the people, you are assuming that you know how to manage our finances better than us, which is absurd. You spend money like it is not yours--because it is not yours.
