On Behalf Of: Jan Schaffner and family
Committee: House Committee On Rules
Measure: HJR201

Hello, I'm a widow as of 3 years ago. I'm opposed to this measure of raising taxes without our approval. That is wrong. Oregon is one of the highest property taxed States in the USA.

I'm a native Oregonian that is opposed to Government infringement and control. THAT IS WRONG AND EVIL. You are not GOD! Stop the craziness! Listen to the people and stop trying to sneak in these measures without our approval!

I represent a huge number of people that are finally standing up against all this under-the-table nonsense. We want our STATE and country back!
