

Submitter: Michael Kruska
On Behalf Of:
Committee: House Committee On Rules
Measure: HJR201

The people of the State of Oregon spoke on the issue of property taxes many years ago. It is for the people to decide on this tax, not the legislators of a super-majority party. I speak to the Democrat majority in the Oregon legislature when I say, adamantly, that every time you attempt to circumvent the peoples mandate, as the people mandated with Prop 5, in the state constitution you turn another group of voters against you.
