

Submitter: Bonnie Hadley

On Behalf Of: myself and all Oregonians

Committee: Senate Committee On Veterans, Emergency Management, Federal
and World Affairs

Measure: SB1548

Thank you for taking my input. I strongly favor standardizing on Standard time for simplicity. Other states who have eliminated the time change are on Standard time only. It works for them and I believe it will be best for Oregon. The time change itself introduces unnecessary confusion to the physiologies of people and our pets. And then there are the stats about increased traffic accidents around the transition dates (more of the unnecessary confusion). Standardize on Standard time!
