

Submitter: Teresa Crow

On Behalf Of:

Committee: House Committee On Behavioral Health and Health Care

Measure: HB4139

I came before you in 2007 regarding the need to address the problem concerning addiction and mental health. I do believe that the time is long overdue to fix the lasting affects that this has caused me and my family.

First I lost MY SON, then two nephews as well as my brother in-law to addiction and mental health issues. THREE OF THESE WERE RESIDENCE OF WILSONVILLE & One was raised halfway in MOLALLA, OR. Where his addiction began!!

I can no longer beg you to do your job Salem. I have found it to be ineffective and you do not hear the cries of the people this far.

I simply ask that you pass this law.

Thankyou
Teresa Crow
