

Submitter: Beth Morey
On Behalf of:
Committee: Senate Finance & Revenue Committee
Measure: SB 1542

Higher costs to operate businesses – from excessive taxes (especially prevalent in Oregon), to minimum wage increases, to soaring inflation – almost always trickle down to consumers. Fast food restaurants' skyrocketing prices have been newsworthy lately. A broadened perspective on subjecting businesses to additional expenses must occur.

I support SB 1542.
