

Submitter: William Prosser

On Behalf Of:

Committee: House Committee On Rules

Measure: HJR201

I join many other taxpaying Oregonians in my strong opposition to this bill. I believe that if enacted this bill will strip the right of elected representatives of rural communities of their ability to regulate tax policies for their constituents and centralize the control of tax policy in population centers. In addition will further subsidize non-working non taxpaying Oregonians by shifting even more of the tax burden to property owners outside of the urban centers. I believe this legislation to be unconstitutional and authoritarian and strongly discourage its passing out of committee.

Sincerely William Prosser (Veteran and Taxpayer)
