Committee: House Committee On Rules  
Measure: HJR201

Greetings.

It is my understanding that a change in the Oregon Property Tax Schedule is being considered for a vote.

Please know that as a voter and long time resident of Oregon I oppose any and all adjustments to our current tax law.

Do not increase our taxes. Instead, as a responsible representative, find ways to REDUCE the expenses of operating the Oregon government, thereby eliminating the need for more revenue.

I am available to speak to this.

Please call me.
