

Submitter: Janice Vickers
On Behalf Of:
Committee: House Committee On Rules
Measure: HJR201

We already pay plenty of tax in this state. As a senior citizen, it is already hard to make ends meet. Between property tax and income tax (we have to continue to work because we cannot afford to live on SS) we make very little. As I understand it, this tax is not just more property tax, but on our other assets as well. We need those to support us in our later years, and we've already been taxed double (like on SS,) have to pay for medical insurance, supplements, etc. Please do not slide this through without having at least a vote of the people like you did the cage free egg bill. Didn't know about that until I paid \$7 a dozen for eggs. We are already one of the states that pays the highest taxes. Don't make them even higher, or you will see another mass exodus leaving the state.
