Money changes NOTHING. Oregonians have time and time again made uneducated decisions, without resolution. STOP asking those of us who are responsible and sensible to pay for the lazy and uncaring. Oregon leadership needs to be sensible and help responsible for poor decision making and false promises. Oregon leaders need to quite throwing money around as a solution to what has been deemed acceptable. Stop stealing from Oregonians, do not alter our constitution and find someone to show the leaders in this state to BUDGET! Enough with the taxes!
