Measure: SB1582

I am opposed to this bill. Under no circumstances should the arts not having enough money be considered an emergency. Oregon has a number of emergencies, most caused by bad government policy. Rising crime is one of them because of cutting back on police and restricting their ability to make arrests and bad DAs who don't prosecute crime. Other bad policies as well causing more emergencies. Bad policies have driven businesses, who could have been contributing to the arts, out of the state. This bill needs to not see the light of day.
