

Submitter: Robert Johnson

On Behalf Of:

Committee: Senate Committee On Natural Resources and Wildfire

Measure: SB1590

SB1590 will restore access to many people who value the use of the Newberg Pool in a responsible way. The use of the Newberg Pool for towed watersports activities allows for many people to utilize the proximity of the Newberg pool to introduce a diverse group of people to the beauty of the Willamette River and the fun of safe and responsible towed watersports. We have had the opportunity in the past of bringing many people to the Newberg Pool for the first time and sharing the excitement and pride of living in beauty of Oregon. I hope you will allow for OSMB to manage this waterway in a safe and effective manner that allows for towed watersports to be a part of use of Newberg Pool. Thank you
