

Submitter: Lee Schrepel

On Behalf Of:

Committee: Senate Committee On Education

Measure: SB1583

Please do NOT support this proposed legislation. It removes local control of education. Locally-elected boards of education are and should be responsible for educating our young people. States and other levels of government should have no authority to supersede elected local leaders. Parents and families have an impact upon local education leaders like they cannot upon the State Board of Education and other higher-level authorities. Control belongs with the family.
