

Submitter: David Brown

On Behalf Of:

Committee: House Committee On Rules

Measure: HB4075

Oregon is flush with revenues and you want to add another tax. Oregon is already one of the highest taxed states because of people who want to just raise taxes and dream up ways to spend the money. Most of the spending is bad spending. This bill would also make it more difficult for seniors who are on a fixed budget to stay in their homes. This bill needs to go down in flames.
