

Submitter: Jonathan Dolp

On Behalf Of:

Committee: Senate Committee On Natural Resources and Wildfire

Measure: SB1590

My family has been boating on the Newberg pool for 20 years until the latest boating restrictions. We would intentionally support local businesses during our boating times. We always went there to the proximity from where we live, ease of use with the new launch ramp/parking, and the natural beauty of that river section. The latest round of restrictions made it impossible for us to do the activities such as tubing, wakeboarding and surfing in our boat that we enjoy as a family. Please consider expanding the use and we will be back!
