

Submitter: Kamren Weiler

On Behalf Of:

Committee: Senate Committee On Natural Resources and Wildfire

Measure: SB1590

Our family has used the Newberg Pool for years to create lasting memories with our family. It's been close to home and a short distance we can travel after work. Please bring back our rights to surf and tow the waters where there are no homes or docks being effected. Our rising waters in the winter months do more damage to the banks then the waves of boats. Being back that time families can spend together making lasting memories
