A great idea for extra money to do whatever you want with is to first actually have a budget that's legit . Integrity is something you should already know but seeing how evil works , I get it , plus sadly you're looking up to someone who's sent and continues to send billions of taxpayer money to fund the most corrupt country of neo nazis's and bio weapon manufacturers in the world , which both are specifically designed to kill humans ...like you even care but I'll say it anyway ... for GODs sake STOP literally starving the humans who live and work in Oregon by taxing them to death and another good idea would be to STOP inviting everyone here to live on the streets for free , ruin everyone's property from literal diseased fecal matter, massive crime and babies born so drug affected there isn't enough foster care to house them all , all while bleeding us dry financially. Anyone with a brain knows the millions of corrupt fed money Oregon actually gets yearly for the homeless is being used to fund many more evil deeds instead of truly helping anyone or ever caring about fixing any drug crisis to begin with (it's a great money laundering cover, you've learned from the biggest joke of a leader in the entire history of our country) You are single handedly ruining Oregon and everyone knows how truly evil you are Yes, you reading this - trying to make these sneaky decisions to keep ruining this state - so keep doing satans work and see how far that gets you - lol what a waste, instead of actually doing good work to keep tax paying citizens safe ,you have chosen to ruin a beautiful state and will go down in history as making the worst ever decisions made to hurt the masses in this state - you're going to need all the help you can get for the damage you've already done and continue to do , so good luck with that
