

Submitter: Cheyenne Edgerly  
On Behalf Of: Crook County School Board  
Committee: Senate Committee On Education  
Measure: SB1583

Dear Senate Education Committee, on behalf of Crook County School Board, we would like to voice our opposition to SB 1583. This bill would strip our school board of having local control over our curriculum. We value our schools, parents, teachers, and community input. We want to retain the right to choose what is best for our district.

Sincerely,
